ITEM:

Lifting Stay of Enforcement of the Special Packaging Requirements for Lidoderm®  
(Briefing package dated June 10, 2005, OS No. 4303)

DECISION:

The Commission voted unanimously (3-0) to approve the *Federal Register* notice as drafted announcing that the Commission is lifting the stay of enforcement it issued to Endo Pharmaceuticals ("Endo") in 2001. The stay allowed Endo to market the prescription drug Lidoderm® in packaging that does not fully comply with the special packaging requirements of the Poison Prevention Packaging Act ("PPPA"). The Office of Compliance recommended that the Commission lift the stay, because Endo informed the staff that since March 2004, Endo has been packaging Lidoderm® patches in individual child-resistant envelopes in compliance with the PPPA's packaging requirements.

For the Commission:
